I wholeheartedly object to the proposed rate increase by Dominion. I am a senior citizen on a fixed income.

It is outrageous to be forced to pay for a nuclear power plant I had no hand in. This proposed increase is unreasonable and will put many local residents at financial risk at a time of the coronavirus threat and its economic fallout.

Those of us older than 65 must remain at home during this pandemic in order to stay safe. How can we do that if it costs too much to be warm in the winter and cool in the summer's heat?

Please deny this request by Dominion.
